**I. PROJECT SUMMARY**

This weekly report presents the progress of the Newhall Foundation Evaluation Project. The goal of the Newhall Foundation Evaluation Project is to establish a program to identify and repair foundations that have been impacted by underlying waste fill and past remediation work.

Haley & Aldrich, Inc. distributed a Foundation Concerns Questionnaire to homeowners and residents of non-public properties within the Newhall Neighborhood. The purpose of the questionnaire was to identify properties affected by underlying waste fill and past remediation activities and to collect contact information from property owners requesting engineers to inspect their foundations.

In October 2024, Haley & Aldrich distributed the foundation concerns questionnaire to 305 properties in Newhall study area. In February 2025, a second mailing was sent to 209 properties that did not respond to the first mailing. In March 2025, in-person outreach was conducted at properties that did not respond to the questionnaire.

The following diagrams present the number of questionnaires received, the number of requests for Haley & Aldrich engineers to visit properties to assess foundation conditions, and the number of property site visits completed to date.

**II. PROJECT PROGRESS**

<b>Week Ending 10/17/25</b>	
Questionnaires Received to Date	184
Requests for Site Visit to Date	155
Site Visits Completed to Date	139
Site Visits Scheduled Next Week	1
