## **AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)**

### **1. Introduction**

The Town of Hamden, CT is a designated Community Development Block Grant (CDBG) Entitlement Community receiving funds on an annual basis from the US Department of Housing and Urban Development (HUD).

The goal of HUD's community planning and development programs is to develop viable communities by providing decent housing, a suitable living environment, and expanding economic opportunities principally for low- and moderate- income persons. Over its history, the Community Development Block Grant (CDBG) program has served as a critical tool in ending blight, encouraging development in low-income communities, and helping lift families from poverty. Through its Community Development Block Grant awards, the Town of Hamden seeks to provide critical financial, informational, and support resources to low- and moderate-income Hamden residents seeking to improve their access to home ownership opportunities, the quality of their housing, the viability of their businesses, the usability and effectiveness of their shared community facilities, and the cleanliness of their neighborhoods. The Town has established a system of citizen-based performance assessment to ensure that the programs and services offered effectively achieve the broad goals of the mission statement and meet the expectations of the community.

### **2. Town of Hamden CDBG-CV1 and CDBG-CV Awards from HUD**

Congress passed the Coronavirus Aid, Relief and Economic Security (CARES) Act and President Biden signed it on March 27, 2020 authorizing \$2.2 trillion in a variety of stimulus measures to prevent, prepare for and respond to the COVID-19 pandemic. The law included \$2 billion for Community Development Block Grant (CDBG) entitlement communities. The Town of Hamden receives regular formula-based entitlement grants of CDB funds from the US Department of Housing and Urban Development (HUD) each year.

**The Town of Hamden received CDBG-CV1 and CDBG-CV awards of \$642,331 from the CARES Act Funding from HUD.**

### **3. Purpose of Proposed Amendment**

Through the submission of this amendment the Town of Hamden is seeking to reallocate unspent CDBG-CV1 and CDBG-CV3 awarded to the Town by HUD in 2020, as established in two (2) amendments to the

Town's 2019 Annual Action Plan, awarded August 31, 2020, and August 9, 2021, respectively. Each of the prior amendments were in response to (1) the allocation of new CDBG-CV funding awards; and (2) additions to the approved Public Service and Project activities in the 2019 Annual Action Plan.

This amendment seeks to reallocate \$558,112 in unspent CDBG-CV fund awarded by the Town to other previously approved Project Activities and propose new allocations to public service-related activities that are consistent with the original intent of the CDBG-CV funding initiative by HUD.

Through the submission of this Amendment the town is seeking to accomplish the following: (a) use unspent CDBG funds from prior years in a timely manner; (b) comply with HUD requirements; (c) prevent the potential loss or recapture of unspent CDBG funds from HUD and (d) allocate CDBG resources to project activities and constituencies with the greatest needs based on the Town's adopted goals and objectives.
