

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The Town of Hamden is an entitlement community under the Community Development Block Grant (CDBG) program, administered by the U.S. Department of Housing and Urban Development (HUD). The primary objective of the CDBG Program (24 CFR 570) is to develop "viable urban communities, by providing decent housing and a suitable living environment and expanding economic opportunities, principally for persons of low and moderate income."

In 2020, the Town of Hamden prepared a Five-Year Consolidated Plan (CP) for the program years 2020 through 2024. Annually, the Town of Hamden must review and report its progress in carrying out its Five-Year strategic plan and the Annual Action Plan. This is the second report for the new five-year plan. In addition, in 2020 the Town received funding through the CARES Act for CDBG known as CDBG-CV. This report includes a status report on the continued use of those funds as well.

The Town receives an annual allocation of CDBG entitlement funds. The annual allocation for Program Year 48 (2022-2023) was \$479,238. The total amount that the Town expended during Program Year 48, as indicated in the Integrated Disbursement and Information System (IDIS) reports included, was \$ 312,157.

The Town is committed to providing assistance to residents within its target neighborhoods in a timely and efficient manner. All activities undertaken during Program Year 48 addressed needs and goals established in the 2020-2024 Consolidated Plan. As allowed by HUD, 20% of the funds were allocated for program administration/planning costs and only 3.49% were used. Program administration funds were primarily used to fund a portion of staff salaries as well as printing and publishing. Vacant position of Community Development Specialist is in the process of interviews.

Over the program year the town expended its CDBG funds in a manner that ensured decent, safe and accessible housing for low and moderate income residents. First-time homeownership education, shelter for homeless individuals, public service programming with a focus on youth, the elderly and disabled populations, upgraded community infrastructure, and eliminated blight conditions in the target area were all activities supported with CDBG funding.

The Community Development Citizen’s Advisory Commission (CDCAC), is a group of citizen volunteers appointed to two-year terms to oversee and give guidance, from a community perspective, for Community Development program management. Their input and involvement has been critical in public service agencies funding determinations.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

As HUD is aware, the Town of Hamden experienced significant staff transitions post COVID. Additionally, the result of HUD's remote monitoring highlighted substantive administrative deficiencies on the town's part. The Town of Hamden temporarily suspended program activities (except for Public Service Agencies) and focused on establishing the appropriate Policies and Guidelines to bring the Town's CDBG into compliance.

The Hamden CDBG Public Service Agency Accomplishments for PY 48 include:

- Arts for Learning in CT provided Family Engagement Activities for 100 individual
- BH Care Umbrella Center for Domestic Violence provided Education & Community Outreach to 893 individual
- Breakthrough Church purchased a new commercial refrigerator, freezer and store shelving serving 1,005 persons in South Hamden
- Columbus House: Provided counseling & emergency shelter for 33 homeless Hamden households through the Columbus House Shelter

in New Haven.

- Hamden Rovers: provided a free summer soccer program for 60 low income youths
- Literacy Volunteers of Greater New Haven provided free tutoring for 38 Hamden residents
- Interfaith Care Givers of Greater New Haven through Mae's Closet provided Durable Medical Equipment to 502 clients
- New Haven Home Ownership Center Offered services Teaching the Principles of Sustainable HomeOwnership serving 61 families
- Nutrition Security Solutions implemented a customized on line food delivery service, serving 40 clients
- Partnership Center for Adult Day Care offered RN services and Hot Free Lunch Program to 8 individuals
- It Takes a Village: Funded Summer Camp Activities for 38 youths
- Partnership Learning & Creative Exploration (PLACE) provided activities to 700 individuals through the Hamden Trolley on the Go

The Hamden CDBG-CV Public Service Agency Accomplishments for PY 48 include:

- Breakthrough Church Food Pantry: Continued weekly food pantry efforts, provided PPE items (medical face mask, hand sanitizer, gloves, and cleaning products) for staff and food pantry recipients, purchased supplies (bags, shelving, refrigerator, freezer) and a used box truck to order and transport more food from the Connecticut Food Bank and other vendors
- Columbus House: Served 13 people at risk of homelessness by providing case management services.
- Grace and St. Peter's Church: Supported changes to its "Dinner for a Dollar" food assistance program in response to COVID-19. CDBG-CV funding was allocated to support the transition to food delivery. The program became a takeout only service with a corresponding need to buy takeout containers, plastic cutlery, additional cleaning supplies, etc. The number of meals doubled each week from 80-90 per week to 160-180 per week.
- Hamden Community Services Food Bank: Continued providing food to individuals and families in need.
- New Haven Home Ownership Center: Continued to serve residents via foreclosure prevention program.
- New Haven Legal Assistance: Provided high quality legal assistance to Hamden residents facing eviction from their homes and clients facing violence or abuse at the hands of a partner or spouse. This includes representation in court; providing legal advice; attending administrative hearings; and other legal strategies necessary to maintain housing and safety for their clients.

Table 3 - Resources Made Available

Narrative

In addition to the funds made available through the annual CDBG entitlement, the CARES Act Covid allocation continued to be available. To date, \$119,650 of the \$642,231 allocation has been expended.

Hamden's greatest obstacle to meeting its community development needs is limited financial resources. The leveraging of other resources is critical to providing a variety of programs and services demanded by residents of Hamden. In addition, the Office of Community Development has been working with various non-profit agencies and the Town's dedicated grant writer to bring additional resources into Hamden to specifically address Housing and Community Development needs.

Table 4 – Identify the geographic distribution and location of investments

Narrative

The Town offers housing rehabilitation, emergency housing assistance, accessibility improvements, downpayment assistance, and environmental hazard remediation assistance to income-eligible residents town-wide with a focus on Census Tracts 1655, 1656, and portions of the State Street Revitalization Zone (Census Tract 1651—Block Groups 3 and 4). Several programs are designed to occur only in the identified target areas to improve physical conditions and the livability of the neighborhoods.

The town's Emergency Housing Rehabilitation Assistance Program, funded with CDBG, is designed to provide emergency housing assistance to address code violations, lack of heating, accessibility, or

conditions threatening the health and safety of residents. It is offered on a town-wide basis as long as the applicants meet HUD determined income guidelines. Access to the Fair Rent and Fair Housing assistance and Housing Code Enforcement is offered to all Town residents regardless of their income.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The Town utilizes a variety of resources in addition to its CDBG entitlement funding to address housing and community development needs. See the PY 48 Annual Action Plan for an enumeration.

The Town has used land and property to address the housing and community development needs as identified in the Plan. In past program years, the then named Department of Community Development and Neighborhood Revitalization (DECDNR) spearheaded and worked with Town offices and the Mayor to identify a Town-owned property for acquisition by Habitat for Humanity which allowed a low-income family to purchase the home at a price below market value. DECDNR also worked with Neighborhood Housing Services (NHS) to acquire a blighted vacant 2-family property in the target area and provided CDBG rehabilitation funds to complete the rehabilitation. This project also allowed a low-income family to purchase a home at a price below market value. The Town has also sold vacant properties to Neighborworks New Horizons to build affordable housing units in the Newhall neighborhood. The Town is receptive to identifying and using publicly owned property or land to meet housing and community development needs as new properties arise.

Columbus House and the Yale School of Architecture continue to work with the Town to identify town-owned properties for new housing targeted toward low-income households transitioning from homelessness.

A focus area that the Town is working on to create additional affordable housing opportunities is the development of partnerships with non-profit and not-for-profit housing agencies. The Town will continue to collaborate with non-profit housing developers such as Neighborhood Housing Services, Neighborworks/New Horizons, Habitat for Humanity, and Columbus House, on projects that result in affordable housing units for all citizens. The Town will explore partnerships with other housing organizations to further housing opportunities and will seek to leverage additional funding opportunities for housing related programs.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

Narrative Information

The Town of Hamden is not a HOME program recipient. The table above reflects the beneficiaries of activities funded by both CDBG and CDBG-CV funds.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Town has also become a more active participant in the New Haven Continuum of Care network to gain better knowledge of the needs of the homeless and special needs populations and the programs and activities available to address them. As part of this, the Town plans to continue to be in direct contact with the Greater New Haven Coordinated Access Network (CAN), Columbus House, New Reach, Cornell Scott Hill Health Center Homeless Healthcare Team, the CT Coalition to End Homelessness, Yale Behavioral Health Services of Hamden, and Homeless Coordinator for the City of New Haven.

Involvement with these groups allows for a better understanding of the needs of the region and the various programs and projects with which they are addressed.

Homeless Services

The following local organizations provide food pantry/ nutritional services to homeless individuals across the region: Dinner for a Dollar (Hamden); Keefe Community Center (Hamden); Faith, Healing & Deliverance Ministries (Hamden); Love Center Deliverance Ministry (Hamden); Ministry of Helps Foundation (Hamden); Breakthrough Church (Hamden); Home Pantry Mission of Dunbar Church (Hamden); Hasan Islamic Center (Hamden); Christ the Bread of Life Parish (Hamden); Faith Temple Revival Center (Hamden); St Rita's Church Food Pantry (Hamden); Downtown Evening Soup Kitchen (New Haven); Immanuel Baptist Soup Kitchen (New Haven); Community Soup Kitchen (New Haven); Sunrise Caf   (New Haven)

Addressing the emergency shelter and transitional housing needs of homeless persons

Over the past program year, the Town of Hamden allocated CDBG resources to Columbus House to provide emergency shelter support to residents in need. The Town also provided CDBG funding to support BHCare Domestic Violence Services to provide counseling to battered women and their families and to provide outreach and community awareness programming. Several Programs to provide food pantry/ nutritional services to homeless individuals and at-risk households were also supported with CDBG funding. Participants in these programs also receive referrals to additional supportive services and assistance.

The Town provided an overnight winter warming center from January through March. Once at the warming center individuals/households were offered case management and assistance in obtaining emergency shelter. The Community Services Department is the primary source for locating shelter and

supportive services for the homeless and households at risk of homelessness.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The Town utilized both CDBG and CDBG-CV funds for public services such as mental health services, legal services, youth services, food banks, and more in order to help low-income youth, individuals, and families avoid becoming homeless.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

There is a need in Hamden for short-term transitional housing to provide shelter for families and individuals who have become homeless and are looking for permanent housing. Changes in the local hospitality market have reduced the number of affordable short-term units available to Hamden families who, for reasons relating to work, childcare, or education, require proximity to resources and transportation. A variety of formats have been discussed locally. Length of stay could vary between a few weeks for families temporarily relocated due to lead abatement activities or other emergency housing conditions to up to 24 months for families transitioning due to domestic violence issues or economic hardship. Community Services provides relocation assistance under the Uniform Relocation Assistance Act.

The Town of Hamden will continue to address homeless needs through its various social service agencies and through partnerships and relationships with Columbus House, New Reach, and CSHHC, among others. The emphasis of this approach will be to prevent homelessness by early intervention and the provision of necessary supportive services. The Community Services Department working cooperatively with the local police department and other social service providers is the Town's main provider of outreach, counseling and referral services to homeless families and individuals. Some of the services provided include eviction prevention, referrals to agencies which provide rental and/or fuel assistance, counseling, food and household items, job skill development to increase household income and in some instances provision of 1 month's payment to prevent eviction or foreclosure.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

No Federally funded public housing units exist in the Town of Hamden. The Hamden Housing Authority's public housing units are State-funded. The HHA received notification from HUD recognizing them as a High Performer for the Federal Programs they manage. The goals and objectives for the Hamden Housing Authority PHA 5 year plan include expanding the supply of assisted housing, improving the quality of assisted housing, promoting self-sufficiency of families and individuals, and continuing to maintain its high performer SEMAP status.

Residents of public housing, like other low- and moderate-income residents, are eligible for programs and services offered through the Town. They also benefit from the physical improvements made within the community development target areas and improvements to public facilities such as neighborhood or community centers. The creation of affordable rental and homeownership opportunities will also increase the housing resources available to public housing residents, particularly Section 8 recipients.

There is a need for additional Section 8 assistance to meet demands within the community.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The Housing Authority has a Resident Advisory Board that encourages resident participation in management and policy development. The Hamden Housing Authority will continue to promote programs, and expand its efforts, to encourage resident involvement and homeownership opportunities.

Actions taken to provide assistance to troubled PHAs

PHA is not troubled, N/A.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Fair Housing Plan: The Town of Hamden has created and is implementing a Fair Housing Plan as a way to provide formal guidelines consistent with federal affordable housing standards. The Plan is intended to be consistent with and meet the requirements and objectives of the Civil Rights Act of 1968, Title V or the National Housing Act (as amended), and all legislation related to non-discrimination in housing.

Zoning: Hamden has also implemented zoning regulations that help to promote affordable housing. Examples of some of these new regulations includes:

- Requirement that multi-family housing developments containing 5 or more dwelling units shall set aside a minimum of 20% of the dwelling units as Affordable Housing
- Determining the maximum price for all affordable housing units
- Determining the maximum price for all affordable rental units
- Building requirements for all affordable housing units

Barriers and Impediments: A potential barrier to affordable housing is the lack of convenient access to public transportation, which can directly impact the availability of homes to certain residents. While Hamden's diversity of residents and commercial opportunities is one of its greatest strength, the general limitation of public transportation to north-south corridors (specifically Dixwell Avenue, Winchester Avenue, Whitney Avenue, and State Street) serves to restrict the residential options of those without personal automobiles.

Another impediment to affordable housing is the lack of coordination at the regional level. There is a need to create a broad-based regional initiative to address the issues of affordable housing and fair housing within south central Connecticut.

Fair Housing: The Town has proactively established both a Human Rights and Human Relations Commission and a Commission on Disability Rights and Opportunities to ensure that Hamden's diversity is both celebrated and promoted, and everyone is treated with dignity and respect. These citizen organizations, as well as Hamden's Department of Elderly Services, Department of Community Services, and New Haven Legal Assistance collaborate to ensure that Hamden residents (and potential residents) understand the law as it pertains to fair housing and have opportunities through a number of channels to protect their rights.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The Town has worked to improve coordination of its social services for individuals with special needs by taking a more comprehensive approach to Human Services and the Continuum of Care. Collaboration between the Department of Economic and Community Development, the Office of Community Development, Community Services, Elderly Services and various Regional Continuum of Care service providers has resulted in a more efficient and effective delivery of service. The Director of Arts, Culture, Wellness, and Recreation is responsible for oversight of the Keefe Community Center which houses the majority of the Town's community services departments. This oversight has led to a streamlined working relationship between the various town departments located in the Center and partner agencies also operating out of the center.

Through Keefe Center agencies and departments, the Town collaborates with numerous agencies and organizations that meet the housing and community development needs of Hamden residents. As an example, working relationships exist with the CT Association for Human Services, the Hispanic Health Council, Husky Health, the United Way, and the Quinnipiack Valley Health District to name a few. These partnerships have proven fruitful in providing Hamden residents with additional opportunities for funding and services.

Partnerships established over the past year have proven fruitful in providing Hamden residents with additional opportunities for funding and services.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The Town supports the Quinnipiack Valley Health District's applications for lead grant funding as a means to continue to extend its lead awareness program and offer assistance to property owners seeking to reduce lead hazards in homes. Where feasible, Community Development Block Grant funds are used to assist extremely low- to moderate-income households in the reduction/abatement of lead paint hazards. Likewise, the Office of Community Development and the Quinnipiack Valley Health District (QVHD) will apprise homeowners of any State or Federal loan programs available for the removal of hazardous materials.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The Town of Hamden attempts to address the issue of poverty in its population through the use of social and supportive services. The Town supplements State and Federal resources with local funds and CDBG funds for activities that meet specific identified needs. The private sector is a key resource for addressing poverty in its ability to create employment opportunities with a resultant increase in income.

In order to address poverty among groups where the incidence of poverty is highest, the Town has utilized local funds and its limited CDBG funds for public service programs through the community services and elderly services departments. These departments work with families and individuals in poverty by providing referrals and assistance for shelter, fuel, food, utility costs, etc.

Job training and employment assistance to unemployed and underemployed individuals is key to helping them to obtain "living wage" employment. By connecting job training to economic development and providing supportive services the Town can move more families out of poverty. The Town promotes workforce development and job training efforts by partnering with the local Adult Education program and referring those seeking assistance to the "Steps to Success Jobs Program." The Keefe Community Center also provides educational programs and resources, including GED, literacy and ESOL training, to individuals looking to improve their employment and life skills. The provision of affordable childcare to working families is an important component in their transition from welfare or poverty to self-support.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The Town's Office of Community Development (OCD), the Hamden Housing Authority, the Community Services Department, Elderly Services, the Office of Planning and Zoning, and the Quinnipiack Valley Health District, function cooperatively to identify, evaluate and address the housing and community services needs of the various populations within the town.

Through OCD, the Town of Hamden combats cost burden and other housing problems of its extremely low- to moderate-income populations. The Residential Rehabilitation Program is the primary program used to expand the number of affordable units available in Hamden. Where feasible, the town works to promote the creation of affordable housing through outreach and collaborative efforts with area non-profit developers. As part of this, the Town of Hamden supports the efforts of non-profit and private developers who come forth with viable proposals to expand the Town's affordable stock. The Town actively seeks additional funding opportunities and appropriate properties to support the development of affordable housing.

OCD administers the CDBG program with funding received from the U.S. Department of Housing and Urban Development (HUD). It plays a major role in encouraging and supporting the activities of private and non-profit developers interested in the construction and rehabilitation of affordable housing units. OHND provides assistance for housing rehabilitation to extremely low- to moderate-income homeowners and owners renting to low- to moderate-income families. The office also administers a first-time homebuyer assistance program. The CD Program Manager works to expand collaborations with realtors, bankers, mortgage brokers and non-profit housing developers to generate more interest in the first time homebuyer program and create new opportunities to expand affordable housing resources.

The Hamden Housing Authority manages the public/elderly housing complexes for the Town of Hamden. The Hamden Housing Authority also administers its Section 8 Voucher and Certificate programs and works to expand its Rental Assistance Program as a means of promoting housing opportunities for low-income/elderly populations. Over upcoming program years. The Housing Authority will also continue to investigate the possibility of creating additional housing resources. The Town has an active and supportive relationship with the Hamden Housing Authority.

The Community Services Department is the primary source for locating shelter for the homeless and special needs households. The Elderly Services Department provides care to elderly residents to prolong their ability to remain self-sufficient and independent. The Quinnipiack Valley Health District is instrumental in identifying lead paint hazards relative to housing issues, and Planning and Zoning approves the location of new construction and offers technical assistance to prospective developers.

The Town's Department of Economic Development supports community development by its oversight of commercial and neighborhood revitalization projects.

Many of the supportive services offered to Hamden's extremely low- to moderate-income, and elderly/disabled populations, are delivered by non-profit organizations and agencies that receive funding through the CDBG program. The Town of Hamden offers a wealth of supportive services that provide needy residents with appropriate support. The system currently in place has been successful in regards to housing extremely low- to moderate-income populations. While the elderly and populations with special needs are currently being served adequately, a gap exists between requests for affordable housing and available units.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The Town of Hamden will continue to assist and work with the Hamden Housing Authority, non-profit and private developers, and private industry in a cooperative effort to maximize resources directed to affordable housing. The development of this type of relationship will strengthen coordination between the Town, the community, and prospective developers in pursuit of affordable housing construction and rehabilitation.

The Office of Community Development will continue to collaborate with local social service agencies to maximize efforts directed to the expansion of affordable housing and supportive services. Through its Community Services Department, the Town of Hamden will maintain its involvement with the State Department of Social Services to address common issues and concerns and work toward programs to address identified needs.

To benefit the town, the Community Services Department along with the Economic Development Department will maintain an active role in Regional Workforce Organizations, to develop strategies to enhance job training efforts, provide workforce development opportunities, and promote the creation of a jobs. The Town will also become a more active participant in the New Haven Continuum of Care network to gain better knowledge of the needs of the homeless and special needs populations and the programs and activities available to address them. Likewise, through its participation on the South Central Regional Council of Governments (SCRCOG), the Town of Hamden is working with other jurisdictions to address the issues of housing, homelessness, and social services.

Identify actions taken to overcome the effects of any impediments identified in the

jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The Town of Hamden adopted an Analysis of Impediments to Fair Housing in 2019. This document identified server impediments and actions for the Town:

1. Language and Cultural Barriers

Action: The Town has proactively established both a Human Rights and Human Relations Commission and a Commission on Disability Rights and Opportunities to ensure that Hamden's diversity is both celebrated and promoted. These citizen organizations, as well as Hamden's Department of Elderly Services, Department of Community Services, and New Haven Legal Assistance will continue to collaborate to ensure that Hamden residents (and potential residents) understand the law as it pertains to fair housing and have opportunities through a number of channels to protect their rights. These groups operate as an ad hoc Fair Housing working group for the Town, preparing and providing information and group sessions across the Town. As demographics have shifted in Hamden, OCD will enlist the support of translators to offer more information to non-English speaking residents. The Manager of the OCD also serves as the Fair Housing Officer.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The Town of Hamden's Office of Community Development (OCD) is the local agency charged with administering the Town's Community Development Block Grant (CDBG) allocation. The Office employs a part-time Community Services Outreach Technician, who is responsible for the coordination, oversight, and general monitoring of all program activities.

OCD staff keeps detailed records and requires careful documentation for each program, especially with regard to low- to moderate-income status.

The Community Services Outreach Technician reviews reports submitted by Public Service Agencies and non-profits to ensure proper documentation of expenditures. Additionally, agencies are provided availability electronically to 2 CFR Part 200 to review allowable cost principles.

The Town also provides additional program oversight through a Community Development Citizens Advisory Commission (CDCAC), made up of resident volunteers. The CDCAC works in cooperation with the OCD to ensure the success of the CDBG program implementation and to provide citizen oversight. The group assists the OCD by identifying needs, advising on program guidelines, ensuring compliance with HUD regulations, and overseeing activities funded by the CDBG program. They also review applications and interview all applicants seeking Public Service Agency funding. As a Commission, they then make recommendations on which agencies to fund and how much they should be funded.

The CDCAC reviews and approves the public service agency allocations contained in the Annual Action Plan prior to its submission to the Hamden Legislative Council and the U.S. Department of Housing and Urban Development (HUD). The CDCAC has nine (9) citizen members of mixed political affiliation, who are appointed by the Mayor and approved by the Legislative Council. The CDCAC meets monthly with the Community Services Outreach Technician and the public to conduct their business, and also meets regularly in smaller sub- committees to work on specific duties.

Procurement: All financial and purchasing transactions are conducted through the Town of Hamden Finance and Purchasing Departments. The Office of Housing and Neighborhood Development follows the Town's purchasing procedures, and in doing so, complies with 2 CFR Part 200.

In instances where HUD regulations present additional purchasing requirements, OCD requests such from the Purchasing Department. All purchase orders utilized to conduct program activities are signed by OCD's Community Services Outreach Technician, the Purchasing Agent, the Finance Director, and the Mayor. These layers of oversight ensure compliance with municipal fiscal and purchasing policies. All

financial transactions are also subject to the annual audit of the Town's municipal finances.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

Citizens were notified of the availability of the CAPER plan by newspaper advertisement in The Advisor on September 8th, 2023, notifying the community of the opportunity to comment through September 25th, 2023.

Community Development Citizens Advisory Commission meetings are open to the public.

No public comments were received.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

There are no changes anticipated in the goals and objectives of the program.

However, the Town established substantial amendments for both previously awarded funds and the CV allocation. The CDBG program funds remaining from prior years will be reallocated to support development of a facility to provide housing for persons experiencing homelessness.

Funds from the CDBG CV allocation will be used to purchase 1-2 vehicles by Keefe Community Center Staff to provide direct outreach and services to Town residents do not have access to transportation to receive services. The addition of the new vehicle(s) will allow the Keefe Center Staff to expand its food, housing, youth and other community support and outreach programs.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

2021	COVID-19 impacted Dinner for a Dollar in two major ways. First maintaining a clean kitchen and switching to takeout only model, necessitating more gloves and cleaning supplies, along with clamshell containers and plastic utensils. Second, the number of guest increased significantly.	
2022	When COVID-19 pandemic began in March of 2020 the Dinner for Dollar program shifted its operation from in-person meal delivery to a fully take-out only service. As food insecurity needs increased, Dinner for a Dollar quickly experienced and almost 100% increase in the amount of meals being provided through take-out each week - pre COVID-19 the service averaged guest per week at two locations in Hamden and throughout the pandemic and is now serving approximately 160-180 meals per week Supported changes to its "Dinner for a Dollar" food assistance program in response to COVID-19. CDBG-CV funding was allocated to support to the transition of food delivery. Became a take out only service with a corresponding need to by takeout containers, plastic cutlery, additional cleaning supplies, etc. The number of meals doubled each week form 80-90 per week to 160-180 per week

2019	Purchased food for the Hamden Food Bank. Because of COVID-19 clients are served by a grab a go. Clients are assisted one at a time with no contact and all required PPE, mask, gloves and a 5 foot plexiglass shield. There is only enough space for a food bag. The food pantry has extended hours to accommodate the rise in the number of families in need

2019	The number of clients from Hamden seeking services remained steady & consistent during the entire grant period. Hamden residents experienced the end of various state and federal COVID related protections, such as the eviction moratorium and the pandemic unemployment compensation benefits. Additionally oftentimes the stress of financial instability can lead to violence in the home which resulted in clients & their families enduring violence at the hands of an abusive partner or spouse. Clients were represented in Court

Description:

Columbus House New Haven Shelter and Services program, including seasonal Overflow Shelter and Medical Respite Program, serving over 1,500 men and women annually who are experiencing homelessness in Greater New Haven. Of those, an estimated 20 people will report Hamden as their last place-of-residence in the upcoming fiscal year. All of these people have clients tend to suffer from a variety of medical and behavioral health conditions, including mental health disorders and histories of substance abuse. Shelter offers an immediate and critical lifeline by providing safe, temporary lodgings, a hot dinner, and a cold breakfast; but most importantly the shelter program offers onsite services delivered by experienced and knowledgeable Case Managers who assist clients on their path to permanent housing.

Description:

Implement a summer program specifically for youth of low to moderate income, between the ages three to fifteen at Camp Mountain Laurel. Twenty acres of wooded space with an open shelter, outdoor swimming pool, archery station, gaga pit, rope course and climbing wall. The Y makes kids feel welcome and supported. The counselors are specifically chosen using in-person interviews, reference checks and training. The weekly curriculum is a combination of active and engaging learning activities and physically active fun. Fun prevails as well as aligning with academic themes. All activities are designed to encourage participation by all ages

2021	<p>Although our mission began and will always address long-term food insecurity, we have been operating and maintaining our balanced nutrition food assistance without disruption during the entire COVID-19 pandemic emergency months under coexisting food shortages. Because of building closures, we are presently a delivery service for scheduled package pick-up by seniors at the Davenport Residences (population 360). In the Fall of 2020 NSS began to provide food packages to many residents in Hamden's Housing Authority (HHA), managed through H.U.D. sponsorship (see attached email from E. Serow, social worker for HHA) (population 230). The combined populations of residents served at these two major facilities represent 71% of Hamden's very low-income elderly/disabled inhabitants.</p> <p>Serving HHA elderly/disabled residents in addition to the Davenport residents increased the necessity for handling larger volumes of food supplies to provide twice the number of foods packages and has doubled the population NSS serves each month. The storeroom at B-19, with additional shelving and commercial refrigeration and freezer units allows for the NSS food assistance to meet this critical need and maintain its 'nutrition security' objectives.</p>

2022	Through volunteer stewardship and daily care, the Mae's Closet Durable Medical Equipment lending bank benefited 502 individuals during PY48. For just \$1 per item, the beneficiaries of Mae's Closet borrowed 222 items (mixed inventory). This saved local residents thousands of dollars and kept a significant quantity of manufactured items out of the landfill. All items were sanitized and checked for quality and safety before they were loaned out to community members.
