Newhall Neighborhood Foundation Concerns Questionnaire

The following questionnaire is being distributed on behalf of the **Town of Hamden** and is targeted at owners and/or residents of non-public property structures within the Newhall Neighborhood. A map of all the properties in the Newhall Foundation Evaluation program is included at the end of this document.

The purpose of this questionnaire is to identify properties that have been impacted by underlying environmentally-impacted waste fill and past remediation work. Your answers will help us determine if your property qualifies for a program to get basement water issues repaired and/or foundation problems fixed.

Please answer the following questions and return the completed questionnaire by April 15th, 2025 in the pre-addressed and stamped envelope provided.
