Hamden, CT 06518

February 16, 2024

RE: Cessation of Groundwater Monitoring
Rochford Field, Mill Rock Park and Sewer Pump Station
Hamden, Connecticut
Consent Order SRD-128

Dear Mayor Garrett:

The Remediation Division of the Bureau of Water Protection and Land Reuse has reviewed the report titled "Annual Status Report", dated November 8, 2023. The report was prepared by Haley & Aldrich on behalf of the Town of Hamden. The report was submitted in conjunction with Consent Order SRD-128.

The Annual Site Status Report outlines post remediation long-term groundwater monitoring analytical data collected since 2015 which demonstrates compliance with the Groundwater Protection Criteria, Residential Volatilization Criteria, and Surface Water Protection Criteria of the Connecticut Remediation Standard Regulations.

The above referenced report and request for cessation of groundwater monitoring and abandonment of associated groundwater monitoring wells is hereby approved.

Nothing in this approval shall affect the Commissioner's authority to institute any proceeding, or take any action to prevent or abate pollution, to recover costs and natural resource damages, and to impose penalties for violations of law. If at any time the Commissioner determines that the approved actions have not fully characterized the extent and degree of pollution or have not successfully abated or prevented pollution, the Commissioner may institute any proceeding, or take any action to require further investigation or further action to prevent or abate pollution. This approval relates only to pollution or contamination identified in the above referenced report.

In addition, nothing in this approval shall relieve any person of his or her obligations under applicable federal, state and local law.

If you have any questions pertaining to this matter, please contact Joanna Burnham of my staff at (860) 424-4163 or joanna.burnham@ct.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Raymond Frigon".

Raymond Frigon
Director
Remediation Division
Bureau of Water Protection and Land Reuse
