Come out this weekend for the inaugural Amplify the Arts Festival hosted by the Amplify the Arts organization (in partnership with the Town of Hamden). This inaugural event will feature a myriad of local and community artists, performers, and exhibitors throughout the day on Saturday, May 14th at Town Center Park as well as a full fashion show on Sunday, May 15th at Keefe Community Center featuring the SCSU F.A.C.E Model Club. There will be free food at both events while supplies last.

This festival is designed to provide artists of all ages an outlet to express their artistic voice through dance, music, visual arts, spoken word and more. Let's show the community that we have amazing artists right here! This festival is for YOU! There will be food, music, community and ART.
